SUMMARY

Motivated and dedicated frontend developer with a strong foundation in **React JS**, **HTML5**, **Tailwind CSS**, and **JavaScript**, as well as good knowledge of **PHP** and **MySQL**. I am passionate about creating visually appealing, user-friendly websites and am eager to gain hands-on experience in **React JS**.

With a commitment to continuously expanding my skill set, particularly in frontend development, I strive to enhance website interactivity and user experience. I bring a collaborative spirit and a strong commitment to learning, aiming to create engaging online experiences while working with a dynamic team.

SKILLS

- React JS
- Mezzio
- PHP
- HTML 5
- Python
- Django
- JavaScript
- JQuery
- Tailwind CSS
- Bootstrap
- Ajax

EXPERIENCE & TRAINING

AVSS EFORM(INDIA) PRIVATE LIMITED

PROJECTS

React JS Projects: Github Portfolio

User Management System

- Developed a User Management Application using **React** with integration of the JSONPlaceholder API for performing full **CRUD** operations.
- Designed responsive UI with smooth user interactions and efficient state management using **React Hooks**.
- Enhanced user experience with proper form handling, validation, and error management.

Don't Forget

- *Developed a user-friendly website for tracking past financial transactions, enhancing personal financial management.*
- *Features include **user login and signup** for secure, personalized transaction history storage.*
- *Utilized **Django** for robust backend functionality, added **Bootstrap**, **HTML**, and **CSS** for a responsive and visually appealing front-end design.*

Movie Search

- *Technologies: **HTML**, **CSS**, **JavaScript**.*
- *Functionality: **Search movies using API**, display results dynamically.*
- *Future Enhancements: **Pagination**, **Filters**, additional **API** features.*

Axis Bank NRI Project

- Developed the Axis Bank NRI project for opening NRI bank accounts and Portfolio Investment Scheme (PIS) accounts.
- Utilized **PHP** and **Mezzio** for server-side scripting and framework development.
- Implemented dynamic web functionality using **Ajax** and **jQuery** for enhanced user experience.
- Managed data storage and retrieval with **MySQL**.

Netflix Clone

- Developed a responsive **Netflix clone** using **HTML**, **CSS**, and **JavaScript** from scratch.
- Ensured **cross-browser compatibility** and responsiveness for seamless user experience on various devices.
- Utilized **HTML** for structuring the content, **CSS** for styling and layout, and **JavaScript** for dynamic and interactive features.

Blog

- *Developed a blog application using **Django** where user can login, create and edit the blogs.*
- *Utilized **Bootstrap** to enhance the application's front-end design.*
- *Implemented secure user **authentication features**, enabling users to **register**, **login**, and manage their blogs.*
